

# Your legacy for the future of Alnwick

**Alnwick Community Development Trust** is a registered charity. We work in and around Alnwick on projects that benefit the town, its people and visitors.

We are asking residents of Alnwick, both past and present to consider leaving a legacy in their will which can then be used to directly fund these projects.

For example in 2007, Mr. Albert Coulthard, a former resident, remembered his home town of Alnwick in his will. His legacy to Alnwick Community Development Trust has helped buy new children's equipment in the town library, seating in the new park and will be used to benefit other projects in the area, all of which will be a lasting reminder of Mr. Coulthard.

By leaving a legacy to Alnwick Community Development Trust in your will, you will be assured that your gift will go towards benefitting the people of Alnwick and enhancing the town for all to enjoy in the future.

*"Leaving a legacy in your will, however large or small, to Alnwick Community Development Trust will have a lasting benefit to this historic town and community in which we live."*

**Carys Thomas, Vice-Chairman.**
